

New Hospital to be Built South of Barnett Avenue on York Street

Plans of the New Building Discussed in Detail; Hope Expressed That Building Will Commence By August 1st

The new Lacombe and District Hospital is to be situated south of Barnett Avenue, near the residence of J. S. McCormick on York St. It was decided at the second meeting of the new Hospital Board, held in the Town Office Monday night. The reason for this site being chosen was given in the motion which read in full: "That on the recommendation of the architect, M. C. Dewar, the new hospital be situated on Lots 1 to 5 and 11 to 15 inclusive, in Block 23, Plan 1B, for the reason that other sites are not large enough for the type of building that this board recommends." Considerable discussion took place before the passing of the motion, which carried unanimously, regarding the suitability of other sites. It was deemed imprudent to build the hospital on lots where little room could be utilized for grounds and where any possible future addition would cramp the building or additions. The overall size of the building, according to the plans submitted, is 108 feet by 77 feet.

A. H. Bruns and I. M. McElroy Married at Red Deer, June 30

A romance starting two years ago culminated Wednesday, June 30th, when Albert Henry Bruns and Ina Marie McElroy were quietly married at Red Deer by the Rev. Hugh Jacks of the Presbyterian Church.

The bride looked very sweet in a wedding gown of silk net over pale blue, carrying a bouquet of white and pink carnations, with maiden hair fern. Mrs. Gladys Lemble, sister of the bride, was matron of honor and wore all white, with a corsage of pink carnations.

Henry Lemble attended the groom.

Mr. and Mrs. Bruns are well-known in and around Lacombe. Both attended High School here and have taken an active part in the social life of their district and are very popular among the young people.

After a honeymoon trip through Glacier and Yellowstone National Parks, Mr. and Mrs. Bruns will be at home to their friends on the groom's farm, west of Lacombe, where he has erected a beautiful new bungalow.

Those from Lacombe district with the wedding ceremony were: Mrs. A. C. Bruns, mother of groom; Mr. and Mrs. Lee McElroy, parents of the bride; Mrs. Arnold Bruns, Mr. and Mrs. Henry Lemble, Mr. and Mrs. Eddy Bruns, Mr. and Mrs. Floyd Bruns, Master Jackie Bruns and Misses Jean Bruns and Lois McElroy.

DAVE CARSWELL

Who will appear in comedy and other songs in the "1937 Variety Highlights," the attraction at the Central Alberta Pavilion, Lacombe Fair, July 10. He is a Gold Medalist Tenor of the Alberta Musical Festival last year.

Plans Are Discussed

The site out of the way, board members delved into the matter of the plans. Mr. Dewar was present, and details as to interior arrangements, finishing, and other details, etc., were gone into fully. Mrs. Hynes and Locke and Miss Maloney, matron of the present hospital, were present to give such technical advice as the board might wish. It was generally admitted that the plans as presented were most satisfactory and only minor changes were needed.

Mr. Dewar informed the board members that ten days would be needed to prepare the specifications. The question of tenders was settled by the motion that "all tenders in connection with the new hospital be thrown open to the public."

Stucco Finish

It is planned to have a stucco finish on the hospital, with a cottage style shingle roof. The building will be in the shape of a T. Mr. Dewar explained that this would facilitate service to each wing. It is planned to have one wing for men, one for women and the other wing would consist of the operating room, x-ray room, case room, etc.

It was decided that in the contract with the contractor, a clause regarding local labor would be included, and Mr. Dewar was asked to look into the matter of using local labor where possible.

Time limitation on the building, bonds and deposits were discussed, and Mr. Dewar was asked to look into such matters. The hope was expressed that actual work might be started on the building by August 1st at the latest.

Local Golfers Play in Red Deer Tournament

Local golfers who competed in the Central Alberta Golf Tournament at Red Deer last week, ready for the semi-finals and finals, but failed to win any of the trophies. Nine Lacombe members made the trip, as follows: D. F. Chisholm, H. S. Trane, R. Nelson, J. O. Irish, H. Teare, J. S. McCormick, G. T. Jackson, F. O. Vickerson, H. M. Henderson.

F. O. Vickerson and G. T. Jackson qualified for the championship flight but both lost out.

Irish and Teare, in the first flight, fell by the wayside, but not before Teare played through to the semi-final consolation, lost out in the finals.

Bus Nelson entered in the fourth flight, won three games to wind up in the finals, where he lost out. J. S. McCormick lost out during the first flight. D. F. Chisholm won his first game in the fourth flight, only to drop his second round.

H. M. Henderson played the first flight consolation, lost out in the finals.

Several nice rains fell in and around the Lacombe district last night, but June's precipitation is below the average, according to figures from the Dominion Experimental Station here. The 30-year average for June precipitation is 3.32 inches, while last month only 2.25 inches of rain fell—thus our rain-fall for the month of June was 1.07 inches below normal.

Funeral Held Friday For Charles Garries

A large number of friends turned out to pay their last respects at the funeral of Charles Garries, Bentley rural route carrier, last Friday. Mr. Garries was drowned Tuesday of last week while swimming near Canmore.

At the time of his tragic death, he was accompanied by his fiancée, Miss Margaret Simons whom he was to wed early in July, and her sisters, Alma and Dorothy.

Mr. Garries was born near Bentley and had been a resident of that town all his life. Twenty-five years of age, he was popular with the younger people, and highly regarded by all.

Funeral services at his home were held by Rev. Albert Thorp, Albert Thorp, Harry Thorp, Herbert Hazelwood, Ralph Thorp and Robert Evernden. He leaves four sisters and three brothers to mourn his sudden death.

Record Prices Obtained at Lacombe and Red Deer Calf Club Sale Held Last Friday

Leroy Henderson of Lacombe Enters Grand Champion Calf; Reserve Champion Entered By Alberta Henderson; High Average Price

Prices reached a new high for calf club sales when the Lacombe and Red Deer Calf Clubs held their annual sale in Red Deer Friday. An average of \$11.49 per hundred was the price paid by buyers, and authorities on such sales claimed this average to be the highest paid in the Dominion for some time. Leroy Henderson of the Lacombe Club entered the calf which was judged grand champion, and realized the top price of 35 cents per pound, five cents per pound more than the price paid for the grand champion last year. The calf judged reserve champion, entered by Alberta Henderson, also of the Lacombe Club, was sold at 18 cents per pound. The next highest price paid was for the calf entered by Frank Hazlett of the Red Deer Club, at 15 cents per pound.

Eighty-seven calves, all of Hereford breeding, were sold, the lowest price paid being \$8.50 per hundred. Each entry in the sale showed the result of good feeding, and all were well finished.

Bought by Canada Packers

Both the grand champion, weighing 905 pounds, and the reserve champion weighing 880 pounds were bought by the Canada Packers. Sales were as follows:

To Canada Packers, 18; to Swift Canadian, 13; to Union Packers, 5; to Burns & Co., 9; to Teco Store, Red Deer, 5; to McKenzie Bros., Lacombe, 1; to Safeway Stores, 3; to W. Williams, 3.

J. W. Durno of Calgary and C. F. Darnon of Bentley were in charge of the selling.

Referring to the sale, prominent stock men in and around this district unanimously stated that the sale was the most successful one of its kind ever held in these parts. F. H. Newcombe, supervisor of the club, claimed "it's the best sale we have ever held."

R. E. Chown, president of the Blindman Valley Co-operative Association, stated: "The sale was just fine; I think the cattle on the whole were the best bunch I've ever seen."

F. H. Reed, Dominion Experimental Station, Lacombe, said that "considering the price of feed, the calves were exceedingly well fitted."

The result of the judging competition took place before the sale left the calves in the following order:

Lacombe Calf Club

1. Stan Pethbridge, \$3.00; 2. Leroy Henderson, \$2.00; 3. Robert Armstrong, \$1.00; 4. Muriel Picke, \$1.00; 5. Jack Darroch, 50c; 6. Gerald Duckett, 50c; 7. Ross Young, 50c; 8. John Riefter, 50c; 9. Jacob Marshall, 50c.

Governor-General to Arrive in Lacombe Friday, July 16

New Schoolroom to be Built in Basement Of Local School

An additional school room is to be added to the Lacombe school before the new term opens in the fall. It was decided at School Board meetings held recently. Ample space is available in the basement of the present school and the new room will be placed in the south end of this part of the building.

The additional room is made necessary through the new curriculum, which calls for three separate divisions in the educational system, namely, Public School, Grades 1 to 6; Intermediate School, Grades 7, 8 and 9; and High School, Grades 10, 11 and 12.

Will Review Estimates

A committee consisting of W. N. Morrison and John Gilmour was appointed to look into all estimated expenses regarding the new room.

Miss Watt, of Edmonton, has been appointed to teach in the intermediate school for the coming year. No teacher has as yet been selected to fill the vacancy left by the resignation of Miss Grace Dunlop.

A decision to level down the playground surrounding the school was also made. The grounds will be seeded down to grass.

Pretty Wedding for Miss Muriel Graydon

A quiet but pretty wedding took place last Friday, July 2, at the home of Mr. and Mrs. J. Graydon, when their eldest daughter, Muriel Olive, was married to Orson Verne Burrows, of Craignyle, Alberta. Rev. S. J. Waterman of Lacombe Baptist church officiated.

After a buffet lunch served by the bride's mother, the happy couple left for a short honeymoon in Edmonton.

They will make their home at Craignyle, where the groom is engaged in farming. Best wishes of their many friends in Lacombe go with them.

To Stay For Two Hours Only; Arrives at 4:30; Wreath to be Placed On Memorial in Park

Arrangements are speedily being made for the visit of Lord Tweedsmuir, Governor-General of Canada, to Lacombe. Lord Tweedsmuir will arrive by car from the east at 4:30 p.m. Friday, July 16.

His Worship Mayor E. H. Jones and Town and Municipal Councilors, etc., members of the Canadian Legion, Boy Scouts and Cubs, Lest-We-Forget Club, Imperial Order Daughters of the Empire and Red Cross will form a reception committee for His Excellency at Memorial Park, at which place the Governor-General will place a wreath on the memorial.

At five o'clock it is planned to hold a tea at the home of Mr. and Mrs. F. H. Reed at the Dominion Experimental Station, at which the Governor-General and his staff will be present, along with representatives of various organizations of the Town.

Will Visit Farm Grounds

After the tea, the farm grounds will be visited, and introductions made. The Old-Timers' Association club rooms in the Central Alberta Pavilion and other points of interest of the Lacombe Fair will be visited by the vice-regal staff.

Citizens are urged to decorate the town so that a proper reception may be given the Governor-General. Canadian Legion members in particular are requested to turn out, wearing medals and decorations, and meet at the Fire Hall at 4:00 o'clock.

It is expected that the Boy Scouts will form the escort for the vice-regent.

The committee in charge of the preparations consists of T. Wilks, representing the Town Council; S. D. J. Boyd, the Board of Trade; H. S. Trane, Lacombe Agricultural Society, and O. W. Hueppelheuser and W. Parker of the Municipal District of Groun.

Local Team Wins Softball Tournament At Alix, July 1

A softball team from Lacombe won the softball tournament held in connection with the Sports Day at Alix on Thursday, July 1st. The local team breezed through its first game against Brakine by a score of 12 to 2, out of the Union Hall team to win 13-2 and beat the Red River Rovers 10-7 in the finals.

By virtue of their win, \$20 in prize money found its way into the club coffers. Nine teams in all were entered in the softball tournament.

The Lacombe Line-up

The Edmonton Regiment will supply bands, color party, escort, etc.

Ernie Draper Has A Hen ... and Wotta Hen!

The grand-daddy of all eggs has been laid by a Buff Rock owned by Ernie Draper, one-half mile east of town. The egg weighs a quarter of a pound, is three and one-half inches long, and six and one-half inches in circumference at its widest point.

Perhaps the oddest point regarding the egg is the shell, which is far from being the even, uniformly smooth shell found on the usual hen's egg. It is quite rough, and almost corrugated in parts, and at the narrow end has a small crack.

Mr. Draper claims the hen always lays large eggs ... henuff said!

Rimbey

RIMBEY. — Mr. and Mrs. A. B. MacDonald of Rimbey had as their guests last week the latter's brother, Attorney T. H. Burke, Mrs. Burke and their two children, Mary and Paul, from Billings, Montana.

Joseph Marshall of Rimbey is on an extended visit with relatives at points in Oregon, Washington and British Columbia.

Mrs. Warren Hatz of Chula Vista, Calif., accompanied by her small son, Harlan, is the guest of her sister, Mrs. Gilbert Loyd, and Mr. Loyd, and of her brother, Martin Parker, and Mrs. Parker, of Rimbey. Mrs. Hatz will visit for a month.

Arthur Franklin, manager of the Bank of Montreal at Rimbey, is on a month's holiday, and with Mrs. Franklin and their children, is in residence at Knoll View, Aspen Beach, Gull Lake.

Loyalty

By BERTHOLD FIGUR : Miberna, Alberta

'Tis a wonderful thing to be loyal. To your country or just to your friend, And to do what you do in earnest, For 'tis not the wealth of a person, Nor the fame in which he is dressed, But the loyalty that is within him, That's worth more than all of the rest.

'Tis great when your friend can trust you, And believe that you mean what you say, Whether rich or poor your position, We'll think of you kindly each day, Then it's not the person who's wealthy, Nor the one who in fame can boast, But the person you know is loyal, Is the one you will trust the most.

Annual Report of First Church, Christ Scientist, Shows Real Progress Made

BOSTON, Mass. — Progress of Christian Science expressed in organization and recognition of 59 new churches and societies; in sales increases of 66 per cent for the writings of Mary Baker Eddy, Discoverer and Founder of Christian Science; in an increasingly friendly public thought as reflected by legislative bodies when handling measures involving medical and religious freedom; and in much good healing work; featured reports on the June 7th by church officers at the Annual Meeting of The Mother Church, The First Church of Christ, Scientist.

The election of Judge Clifford P. Smith of Newton, Mass., as Church President for the coming year, and of Edward L. Ripley of Brookline as Treasurer, and Ezra W. Palmer of Marshfield as Clerk, was announced. Judge Smith has been in the service of The Mother Church occasionally since 1905 and continuously since 1908.

Judge Smith declared in his address that "To insure its strength and success, an organized movement requires (1) a good purpose clearly stated, (2) an intelligent plan for achieving this purpose, (3) active co-operation in accordance with the plan by persons who compose the movement."

The Christian Science movement has the first of these essentials in our Leader's writings on the nature and purpose of our Church. The second of these essentials (a practical plan conceived in wisdom) we have in our Church Manual. The third essential can be restated for our movement as active and united efforts to communicate, demonstrate, and propagate the Science of Mind-healing. For this essential, the responsibility rests on all Christian Scientists collectively and individually.

Inspiring Reports

The Christian Science Board of Directors, in its message read by the retiring chairman, Mrs. Nelvia E. Ritchie, told Christian Scientists everywhere, "Inspiring reports and testimonies of healing that have come to this Board during the past year give abundant proof of work well done, of progress throughout the movement—give evidence of obedience to Principle, and bear witness that the truth Jesus demonstrated is again understood and made manifest on earth today."

"It is our sacred duty and privilege to uphold righteous government and to know that in reality divine Mind, with its attributes of intelligence, wisdom, justice, and mercy, always guides and controls the avenue and channels through which government is expressed. As we look upon the apparent unrest and fermentation in the affairs of the world today, it is heartening and comforting to know that by obedience to the teachings of our Master we can be conscious of the government of divine Principle, and actually see this government made manifest in human affairs and universal peace established."

Publications Report

In the report of the Manager of Committees on Publication, the Hon. C. Augustus Norwood declared: "During the year, secular newspapers published excerpts from our Lesson-Sermons, each of which showed that Christian Science is based on the Bible. Radio stations carried religion programs, each of which included passages from the Bible and from Mrs. Eddy's writings. Secular newspapers reprinted articles from The Christian Science Monitor, and more than 250 radio stations now carry 'The Monitor Views the News.'"

The Christian Science Board of Lectureship reported 3216 lectures had been delivered during the year ended April 30th.

The press has been very generous in contributing space for the publication of lecture reports.

Edward L. Ripley, Church Treasurer, expressed gratitude for the increased individual activity accomplished by members of The Mother Church and added that "in disbursing the funds so generously contributed for flood relief, excellent service was rendered by the Committee on Publications, and the various relief workers. That the relief extended was greatly appreciated is evidenced by the following messages among the many received:

Message of Thanks

"One expressed gratitude for the 'loving service rendered to both Scientists and non-Scientists.'"

"Another wrote: 'I shall always be mindful of the joyful manner in which this assistance was given when no other help was obtainable.'"

"A third said: 'The manifestation of joy and brotherly love by the workers ... is most inspiring and is noticed and spoke of in praise by persons knowing little or nothing of Christian Science.'"

"A fourth wrote: 'I shall always be mindful of the joyful manner in which this assistance was given when no other help was obtainable.'"

"A fifth said: 'The manifestation of joy and brotherly love by the workers ... is most inspiring and is noticed and spoke of in praise by persons knowing little or nothing of Christian Science.'"

Magpies Becoming Scarce?

With a price on his head, the magpie within the Municipal District of Crown must be having quite a time holding his own. If the 6655 magpies' eggs and feet brought into the municipal office for redemption may be taken as evidence.

Since the Municipal Council placed a bounty of one cent on magpies' eggs and one-half cent on magpies' feet two months ago, close to 550 has been spent in magpie bounties.

Bounty payments are slackening up now, though, according to the municipal office officials.

BAKED RHUBARB

Baked rhubarb may be made when the oven is cooking some other food. Butter a covered baking dish, spread a layer of rhubarb over the bottom, sprinkle a layer of sugar, then add another layer of rhubarb, and so on until the dish is filled. Sprinkle sugar over the top, then add small pieces of butter and the grated rind of a lemon. Cover the dish and bake slowly until the fruit is tender. Long, slow baking gives rhubarb a rich red color.

The Palliser Hotel, Calgary, is named after a noted explorer.

Changes in Teaching Staff at Can. Junior College

Professor H. K. Martin, who for the past four years has been president of Canadian Junior College, left recently for South Lancaster, Mass., where he will connect with the department of Theology of Atlantic Union College.

Professor L. W. Cobb, the new president of the College, spent a few days at the College recently and will soon be moving here permanently. Many of the old-timers around Lacombe will remember Professor Cobb, who was connected with Canadian Junior College about 16 years ago. He comes from Pacific Union College, Angwin, Calif.

Benjamin Glazer, who has been at Canadian Junior College for nearly 13 years, and for the past six years has been in charge of the College Press, left last week for Ottawa, Ont., where he will be connected with the Canadian Watchman Press.

M. M. Rabuka is taking over the management of the College Press. Mr. Rabuka is a Canadian but has for the past few years been in the United States and comes from Colorado.

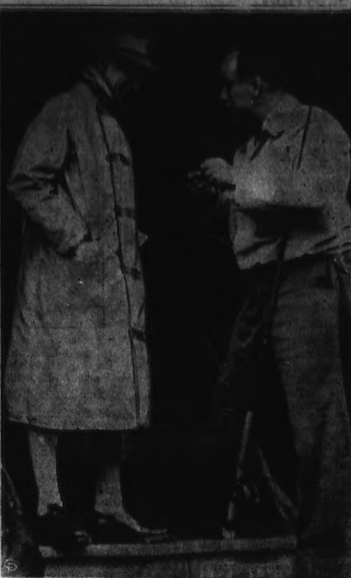

Professor C. H. Casey, head of the History department, is spending the holidays in summer school at Washington, D.C.

The Island of Birds

On a plain high up in mountainous Tibet is a beautiful large lake, in the middle of which rests an island, called the Island of Birds. The Tibetans, usually considered a barbarous race, are very fond of bird life. Centuries ago they set aside this island as a mating and nesting refuge for the countless geese and ducks which migrate to India in the winter.

Each year it is the custom for the reigning Dalai Lama to "Lhasa to send a minor lama to the island as their keeper and guardian. His main duty is to keep the birds well fed while they remain there. Only a man noted for his love of birds is chosen for the task. He comes to know the birds as individuals, and even has names for many of them. They have the fullest confidence in him. He calls; they obey. He talks; they answer. Bird and man are of a family.

Lord Tweedsmuir Relaxes at Fishing

His Excellency the Governor-General of Canada is shown above as he prepared for an afternoon of salmon fishing at the famous Harli's Island pool, on the St. John River, six miles above Fredericton, N.B. Assisting His Excellency in adjusting the fly is F. Cedric Cooper, manager of the lodge used by the official party while at the pool.

Note—The Governor-General will attend the Lacombe Fair on the afternoon of Friday, July 16th.

Edmonton-Yukon Air Mail Route Inaugurated

Pilot Grant McConachie Leaves Edmonton Monday On Historic Flight

By T. B. WINDROSS

EDMONTON.—Monday morning the new air mail route from Edmonton to Whitehorse, Yukon, was inaugurated when Pilot Grant McConachie lifted his big tri-motored aeroplane from the waters at the Cooking Lake seaplane base and turned it north-west on its historic making flight.

Many officials of the Dominion post office department and the various air companies were at the base to see the big machine start on its 1200-mile journey with 280 pounds of mail as well as express and five passengers.

The event was historic because it marks the first time the journey to the Yukon was made in such a short time, the aeroplane covering the route of the old gold miners' trail of '98 in a few hours when it used to be made in 18 months.

It was also an important event because the new route by air brings the Yukon for the first time into direct and quick connection with the rest of the Dominion and for the first time makes it possible for residents of the Yukon Territory to enter and leave without having to pass through the United States customs in Alaska.

The story of the flight was broadcast from the plane itself and the experience of the fliers told over the air as it was met. The new route will be a link in a projected air mail route from the United States cities to Alaska via Fairbanks some time in the near future. It may also be linked up with a round-the-world route via the Orient which will shorten the distance between Chicago and Shanghai by 4000 miles. This route will thus prove a much shorter one than the present route followed by the China Clippers across the Pacific Ocean and will eventually be a factor in making of Edmonton one of the world's great airports.

There are indications that another round-the-world flight will come by way of Edmonton this summer. Plans are being kept more or less secret but the flight will probably be made by Howard Hughes, famous American flier, and orders have been received at the Edmonton airport to have a supply of gasoline on hand ready for such a flight, in which the fliers are expected to pause at this capital.

Dates and details have not yet been made public, but Capt. James Bell, superintendent of the Edmonton airport, has been asked by the Shell Oil Company if he will take charge of a consignment of gasoline in preparation for the flight.

Political news is dull at present, everything being in waiting for a definite decision regarding whether there will or will not be a contest in the Edmonton riding for the vacant seat in the Legislature. Premier Aberhart, before leaving for a brief holiday at Vancouver, urged that there be no contest in the interest of economy, and there are still reports of a get-together arrangement between the Alberta Liberals and Conservatives.

If an acclamation is given to a fusionist candidate the government party will not contest the seat, Mr. Aberhart intimated. It is unlikely in any case that a government candidate would run as the effect of defeat might be injurious to the

Blackfalds

BLACKFALDS. — Marie Bennett returned a short while ago after a few months' stay at Saunders' Creek.

Mr. and Mrs. Barron and son Dalry returned on June 29th after a three-week trip through Montana, Idaho, Washington and B.C.

Mrs. Nellie Goodman is visiting her daughter, Mrs. Charles Moir. Gordon Mathias was home from Kiltan for a few days prior to leaving for Edmonton, where he went to mark papers.

Mrs. Kenneth Dane, who has been visiting her parents, left on Wednesday to join her husband, who is also marking papers.

Local teachers who are in Edmonton attending Summer School are Miss Mabel Martin, Miss Smith and Mr. Hale. Gertrude Martin also went with her sister to attend Summer School.

We are sorry to hear that some of Harry Evans' family are ill with scarlet fever. However, we hope they will be out of quarantine to enjoy some of the holidays.

Passed Grade 8

The following are the pupils who passed Grade 8: Lawrence Laundry, Francis Patterson, Bert Warren and Marjorie Apps.

Dorothy Robison has returned to her home at Rocky Mountain House. Because of rain the school picnic, which was to have been held on June 30th, was postponed until July 2nd. The children from the two upper rooms went to Gull Lake, while those from the junior room went to Jackfish Lake.

Mrs. Hunt, Sr., together with two of her grand-children (son and daughter of Mr. Willard Hunt) are visiting in Calgary for a fortnight or so.

On Visit to United States Mr. Powell, Sr., left on Tuesday last for a trip to the States. Mr. Powell, Jr. and Mrs. Schmidt are also on a trip to the south.

Miss Edith Moss spent the weekend with her mother. She returned on Sunday to the Sanitarium, where she is working.

Mrs. Warren is still in Lacombe with her sister, who is ill but who is now gradually regaining her health.

M.D. Crown Distributes One Hundred Gallons Of Gopher Poison

That gophers in this district are more numerous than last year is evident from the fact that 45 cases of gopher poison have already been distributed by the Municipality of Crown as compared with 26 cases all last year.

With 36 ten-ounce tins to the case, 45 cases figure out to just over 100 gallons of gopher poison—and that should mean something to the gophers of this district.

Morningside

MORNINGSIDE. — C. B. Sutherland, who has spent the last three weeks at the coast, returned home last Saturday. While in Vancouver he visited with the Porter brothers, former merchants of Morningside. We are pleased to report that Walter is much improved in health, but regret that George is still in a nursing home.

Mrs. Bruce Stephens and daughter, Miss Irene, left on Sunday for a trip to the coast. They were accompanied by Mrs. Stephens' parents, Mr. and Mrs. A. Lux, and Mr. and Mrs. Raymond Lux.

Mr. and Mrs. August Bruns are in Calgary, where Mr. Bruns is attending Summer School.

Mr. and Mrs. A. C. Bowie spent the week-end with Mrs. Bowie's parents and other friends at Gadsby.

The last meeting of the Good Cheer Club was held at the home of Mrs. Grant, with a splendid attendance. President Mrs. F. Clemens presided. After a short business session, two presentations were made—one to Mrs. A. Bruns, who is leaving the district and moving to Erskine, and the other to Baby Grimes. Arrangements were made to hold a picnic for the members and their families in Flegla's grove on July 14th.

THE REASON

"Is ink so very expensive, father?" "No, dear, what makes you think so?" "Well, mother seems quite disturbed because I spilled some on the hall carpet."

prestige of the Social Credit party, and the vacant seat is a Liberal one anyway.

The C.C.F. executive is to decide during the present week whether it will place a candidate in the field and the situation hangs pretty much on their decision. Should a C.C.F. nominee run the other parties would of necessity have to place their men in the running and a contest would be inevitable. But it is unlikely that such an eventuality will be realized.

This week several of the cabinet ministers are in attendance at the Calgary Stampede and things have rarely been so quiet and drowsy appearance around the Parliament Buildings as they did Monday morning. The sign "Nobody Home" might have been placed on the dome with propriety, as almost every ministerial office was vacant.

...and thousands of Canadian Workers will profit by his purchase

JIM MACDONALD comes beaming into the kitchen where Sally, his wife, has biscuits all ready for the oven. "Well, I did it Mother, I bought the car we looked at last night. Let's hurry through supper and take the kids out before dark."

Jim is beaming with pride in his new possession, and Sally is beaming with pride in Jim. It's a big moment in their lives—it's taken a good deal of planning and saving but they've done it at last, and they're happy. Jim may not know it, but his purchase, like the purchases of countless other Jims, brings happiness to thousands of Canadian homes. It means continued employment to Canadian automobile workers, steel workers, rubber, paint and textile workers and the men and women in scores of other industries.

So Jim Macdonald is really a big employer of Canadian labour. And a large part of the money he paid for his car will come back to him in his weekly pay because his firm sells goods to many makers of automotive parts. That is to say each thriving Canadian industry helps to cross the money in all other Canadian industries. The Automotive Industries of Canada put millions of dollars into Canadian workers' pockets each year in wages and through the purchase of Canadian produced supplies and materials.

For Your Information

Automobile Manufacturers and Parts Manufacturers in Canada paid \$7,881,614 in 1934 in Federal, Provincial, and Municipal taxes. They paid Canadian transportation system \$5,506,328 in the same year for freight. Substantial increases in these amounts would apply to succeeding years.

For statistical and further information about this industry, write to Automotive Industries, 1006 Lansdowne Building, Toronto, Ontario.

Coming to the Edmonton Exhibition

Snappy and beautiful are these maidens of terpsichorean glamor who are coming to the Edmonton Exhibition with Raynell's Gang in "Cheer Pares," a stellar attraction of the Royal American Show, which will be on the Midway at the Edmonton Exhibition, week of July 12th to 17th.

The World of Wheat

By H. G. L. STRANGE
Director, "Crop Testing Plan"

What is Western Canada's most valuable natural resource? Some say the top six inches of soil, some the sunshine or the hot days and cool nights, others the coal, copper, lead and zinc mines, and the oil wells--still others plump for the wealth of the forests and of the fish in lakes and streams.

For my part I suggest that the 12 inches of rain which on the average fall during the autumn and the growing season months over Western Canada, forms our greatest natural resource. How valuable it is can only be fully appreciated when it fails to occur, and so when we suffer from drought, consequently in turn from poor crops, or, worse still, from complete crop failure.

Unfortunately, only 50 per cent of this most precious rainfall, scanty as it is, is available to the wheat plant; 25 per cent is lost by evaporation--this probably is unavoidable. But 25 per cent is also lost by weeds which, it has been calculated, decrease the yield by about 35 per cent.

Obviously, then, it seems that one of the best ways to increase crop yields, which would actually be the equivalent of increasing rainfall, is to eliminate the weeds.

Following factors have tended to raise prices--Further report in U.S. winter and spring wheat areas, considerable damage in U.S. mid-west; precipitation needed in U.S. and Canadian spring wheat areas, with serious situation developing on Canadian prairies; Argentine crop estimate reduced; European political situation very unsettled; expect very small U.S. wheat carry-over; Australian orange crop below average; European prune crop is smaller.

Following factors have tended to lower prices--Poor European demand; Russian winter and spring

Comedy and Adventure In Double Bill at Avalon This Week

An easy, breezy, entertaining show, "Nobody's Fool," heads a double feature at the Avalon this week which is well worth seeing. Edward Everett Horton is given his first title role in this picture, and carries off his part with his own peculiar style. Glenda Farrell as the wise cracking girl friend and Cesar Romero as a big town racketeer makes for light entertainment and a welcome relief for summer audiences. The plot is a fast-moving, typical Horton plot and is carried out through humorous conditions and wistfulness to an exciting climax.

The "G-Men" of the mail service are depicted in the second half of the double feature, starring Ricardo Cortez, in "Postal Inspector." Excitement, thrills and romance make this an outstanding picture.

WHOSE WERE THEY?

A certain judge attended a function and left his hat and coat in the cloakroom. The attendant, who knew him by sight, did not give him a ticket.

"You did not give me a ticket when I came in," he said, "so how do you know these things belong to me?"

"I don't," replied the attendant. "I only know that you handed them to me."

Chilliwack, B.C. is noted for its annual Cherry Festival.

wheat prospects satisfactory; favorable seed weather in southern hemisphere; heavy yields in U.S. southern winter wheat territory; prospects for wheat harvest in northern hemisphere, excellent; Russia winter and spring

"Mushing" 4,700 Miles from British Columbia to Pay Friends a Visit

En route to Halifax, Nova Scotia, to visit friends, P. J. Carroll and his wife, of Hazelton, British Columbia, are shown as they passed through Highstown, N.J., with their novel mode of transportation. Yes, it is a dog team and a sled. But the sled is fitted with three pneumatic wheels for summer travel. When they began the long mush last March, 1935, there were the usual runners on the sled. Note the paws of the huskies that supply the motive power. They are encased in soft leather booties to protect their pads. The Carrolls have averaged 20 miles a day for the 4700 miles.

Hubby: "I wear the pants in my home."
Friend: "Yeah, but right after supper I notice you wear an apron over them."

Canada's sales of fisheries products to Great Britain consist mainly of canned salmon from British Columbia and canned lobster from the four Atlantic provinces but quite substantial quantities of frozen halibut and salmon are also included.

Many Enjoy St. Andrew's Picnic

The picnic of St. Andrew's United Church congregation at Meridian Beach, Gull Lake, on Thursday, July 1st, was voted a huge success by all those attending who were old enough to vote, and the feeling of the kids was shown in the question, "When's the next picnic, Mr. Layton?"

From the time the big truck and cars arrived at the beach at 2:00 o'clock it was a paradise of fun for the youngsters, who, with many of their parents, were in the water in less time than it takes to say "Dr. Sharpe backwards."

As soon as the swimming was over, races for the young and those who still feel young were held, with softball and many other games as a sideline. Winners and contestants alike in all the races received chocolate bars.

"At this time, 'First call for dinner' was heard, and the way the kids raced for the supper tables was nothing short of spectacular. It was a grand supper, prepared by a group of willing workers, both men and women, who took care to see that all received enough and then some.

After supper there was ice cream for everyone to complete a grand and glorious day for the kiddies and their parents.

"What's the formula for water, Jones?" asked the master.
"H₂O," spelled on the scholar.

"What's that?" barked the master.
The scholar slowly repeated the letters.

"Whatever are you driving at?" said the master. "What gave you that idea?"
"You sir," said Jones. "You said yesterday it was H₂O."—Montreal Star.

CHRISTIAN SCIENCE

At all Christian Science churches next Sunday, the subject of the Lesson-Sermon will be "Sacrament."

The following is one of the Scriptural quotations contained in the Lesson-Sermon: "And he said unto them, With desire I have desired to eat this passover with you before I suffer: For I say unto you, I will not any more eat thereof, until it be fulfilled in the kingdom of God" (Luke 22:15, 16). One of the correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is as follows (page 140): "We worship spiritually, not by cease to worship materially."

Spiritual devotion is the soul of Christianity. Worshipping through the medium of matter is paganism. Judae and other rituals are but types and shadows of true worship. "The true worshippers shall worship the Father in spirit and in truth."

Summer Touch of Whitewash

In the summer the farmer's fancy may rightly turn to thoughts of whitewash, for, after the long winter, the barns, creamery and home fences look much in need of being brightened up. Even dwellers in the city or suburbs will find that an outbuilding would be none the worse for a spring touch-up. And there is nothing after all better or so inexpensive as whitewash.

Persons are often deterred from using whitewash through the fear that a shower of rain might ruin it, but the Dominion Experimental Farms have evolved a waterproof whitewash for outdoor work which will prevent a newly whitewashed barn from looking a picture of desolation after a downpour.

It is made up in the following proportions: Slake 62 pounds of quicklime in twelve gallons of hot water and add two pounds of salt and one pound of sulphate of zinc dissolved in two gallons of water. To this, add two gallons of skim milk. An ounce of alum, although not essential, improves the wash. Salt should be omitted if the white wash is required for metal surfaces which rust.

Disinfectant Whitewash

For farm buildings, a disinfectant whitewash may be desired. Here is a recipe recommended by the Dominion Experimental Station at Scott, Saskatchewan: First, 50 pounds of lime are dissolved in eight gallons of boiling hot water which has ten pounds of salt and one pound of alum dissolved in it. A can of lye is added to every 25 gallons of the mixture. A pound of cement to every three gallons is gradually added and thoroughly stirred. The object of using the alum is to prevent the lime from rubbing off. Cement makes a more creamy mixture, so that it is easier to apply and more surface is covered.

Lincoln

LINCOLN.—Don't forget the annual Lincoln Community Picnic, to be held on the hall grounds tomorrow (Friday), July 9th. A dance will follow in the evening.

Jack and Bill Ross spent a few days at Camrose last week.
Mr. and Mrs. Tom Spink of Redland are visiting with Mr. and Mrs. McGeachy.

Many Lincoln people attended the Stampede at Ponoka last week.
Mrs. Morter of Lacombe has been visiting with relatives and friends in the district.

We are sorry to hear that Gordon Bradley is in Lacombe Hospital and has had an operation for appendicitis. We all wish him a speedy recovery.

Bank of Montreal Crop Report Not Encouraging

Releasing a brief synopsis on July 2nd of telegraphic crop reports obtained from their local branch managers throughout the West, the Bank of Montreal makes the following observations of conditions obtaining in the three prairie provinces as follows:

GENERAL: While the stand of heavy and even, continued dry weather has caused serious damage to crops over wide areas in Saskatchewan and parts of Alberta. The moisture in these areas has not been sufficient to promote satisfactory growth, and heavy general rains are required immediately to check further deterioration.

In the southern area of Saskatchewan major irreparable losses have already occurred. In Quebec, favorable weather has greatly benefited vegetation and crop prospects are in better than average condition, but frequent heavy rains have delayed cultivation of field crops and have interfered with the curing of a heavy hay crop.

In the Maritime Provinces, crops generally have been retarded by excessive rains and overcast skies. In British Columbia, a spell of warmer weather has followed heavy rains and the prospect of satisfactory yields is more promising for all crops except strawberries, cherries and the early cut of alfalfa. Details follow:

PRAIRIE PROVINCES

ALBERTA: Recent showers have been beneficial to crops, but rain is urgently needed. Early wheat is heading short. Coarse grains are in fair condition. Beets are doing well. Crops in the Edmonton district and in eastern Alberta have been seriously damaged by drought. Rains recently brought some relief. In southwestern Alberta crops are very promising. Intense heat has prevailed, but temperatures dropped recently.

SASKATCHEWAN: Hot weather, needed rains, has intensified damage to wheat crops and partial to total failure is indicated in central, west central and southern areas. Crops in the northeast and part of the northwest sections of the province are more satisfactory. Soil drifting has caused some damage. Pastures are in poor condition.

MANITOBA: Crops are continuing under favorable growing conditions. The stand of wheat is heavy and even. Some early sown wheat is commencing to head out. Coarse grains are advancing satisfactorily. Pastures are in good condition.

GERMAN AND FRENCH CROPS

Germany and France are not likely to reap average crops this summer, but weather conditions since the middle of May have shown improvement. This indicates fairly substantial imports will be necessary.

As the result of bequests left to the town, Peel, in the Isle of Man, has been able to materially reduce its taxes this year.

Gull Lake School Holds Annual Picnic

GULL LAKE.—Gull Lake S.D. held its annual picnic at Balm Bay July 2nd. A delicious lunch was prepared by the ladies and spread on tables under the trees. E. W. Dowling, the teacher, was pleasantly surprised when Harry Hansen, on behalf of the school children, presented a new ice cream freezer filled with ice cream.

Ball games and sports were rudely brought to a halt by the downpour of rain.

Teacher at Wooddale Must Be Born Aug. 25?

Three Teachers—Same Birthday

RIMBEY.—If you are a school teacher looking for a school and if you happen to have been born on August 25th, perhaps this is your opportunity. In a rural school three miles east of Rimby have been built but three teachers since the schoolhouse was built in 1920, and each

one of these teachers was born on August 25th.

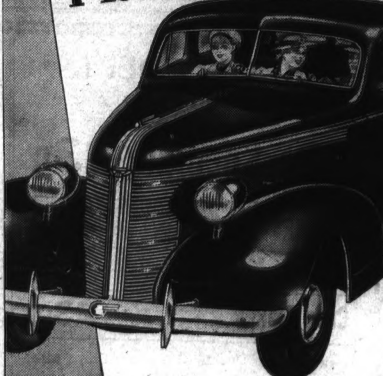

All three are Rimby girls: Miss Esta Stuart, who taught 10 years in the Wooddale district; Miss Beulah Irwin, who taught there two years, and Miss Bernice Auger, who has now resigned her position, at the conclusion of her fifth year.

Miss Stuart is at present on the staff of the Rimby town school and Miss Irwin is now Mrs. Andrew McKenzie of Rimby.

Miss Auger's plans are as yet indefinite.

Do You Remember... 'Way Back When'?

(From the Minutes of the
Towns Council)

30 YEARS AGO—JULY, 1907

A motion by Councillor J. D.
Skinner, seconded by Councillor W.
J. Simpson, "that the secretary
notify by registered letter the build-
ing contractors and the owners of
the property where excavations ex-
ist that necessary precautions be
avoid any danger to the public must
be taken," was passed.

A recommendation from the Fire
Committee that the Fire Brigade be
reimbursed to the amount of 75 per
cent of the total cost of fitting up
the Fire Hall and furnishing same,
and that the Fire Brigade be asked
to place the bills of expense in the
hands of the council, was adopted.

25 YEARS AGO—JULY, 1912

It was decided to hold a poll on
Saturday, July 13th, to find out the
desires of the ratepayers in regard
to the proposed new waterworks
system.

Special features of the Clydehead
parade will be the imported stallion,
Strathmore James; two four-horse
teams, one attached to the State
Coach, which with footmen and a
royal herald was an interesting fea-
ture of the Lacombe Coronation Day
parade, and six brood mares and
their foals by the imported stallion.

BINDER SCHOOL FIELD

Agents from the towns surround-
ing Lacombe attended a binder
school at Brown & Todd's last Mon-
day; when a new model Massey-

entertained many distinguished
guests in the Elks' Hall. R. A.
Van Slyke, vice-president of the
association, was chairman, and
called first upon Mayor E. S. Hogg
of Red Deer, who welcomed the vis-
itors to Red Deer.

Bruce McMillan, M.L.A., Lacombe,
expressed his pleasure at being
present, and Hon. D. B. Mun, pro-
vincial Minister of Agriculture, con-
gratulated the association on its
fine calf show.

The evening came to a close with
entertainment by dancing girls and
a dance.

Baptist Boys Camp Opens At McLaurin Beach

Starting with a registration of ap-
proximately 70, the annual Boys
Camp of the Baptists of Alberta
got into full swing July 1st. Both
boys and leaders seen full of op-
timism and are looking for a jolly
and profitable time.

The camp is again under the
direction of Rev. S. A. Carlson of
Edmonton, who is being assisted by
Rev. Edwin E. Brandt, Harold
Stibbards, Spurgeon M. Hirtle and
Donald McDermid, together with
the sports leader, who will likely
be Richard Spence.

The general lecture course that
will run through the camp is on
"The Meaning of Jesus in My Life."

There will be lecture and discus-
sion periods dealing with such subjects
as "The Influence of Alcohol," "The
Christian's Attitude Toward War,"
"Major Decisions of Life," "The
Christian Stand" and "Sex and Life."

There will be camp fires, vesper
services, stunt night and debating.

An innovation in the debating se-
ries will be the presentation of a
trophy to the successful group. This
cup, which has been donated by
Rev. S. A. Carlson and Albert Toller,
both of Edmonton, will be the property
of the Gull Lake Assembly and be
contested for each year. The
subjects for debate this year are:

"Resolved that attending one ses-
sion of the Gull Lake Baptist camp
is worth \$100 to any boy."

"Resolved that a Bible reading
should be a part of the Alberta
school curriculum."

"Resolved that it is unchristian
for any young man to participate
in war."

Bible As a Reward

A Bible is given as a reward to
the winner in the Bible reading
contest. A gold medal will be
son of Provost was the speaker.

awarded the best all-round camper.
There will be sport contests by
land and by water. The camp lasts
from July 1st to 10th, when the
Baptist Camp opens. Sunday, July
4th, the Sunday School, under the
superintendence of Rev. S. A. Carl-
son, convened at 10 a.m. The
preacher for the morning service
was Rev. H. Stibbards of Edmonton

"The waves dash over!" cried the
curate. "Her sails are still! Her
yards are gone! Her masts are shiv-
ered! Her helm is useless! She is
driving ashore! There seems no
hope! Can nothing be done to save
her?"

"The sailor rose in his seat, his
eyes wide with excitement.

"Let go the anchor!" he shouted.
